EMI TRAINING ACADEMY
BRUSSELS

The **EMI Training Academy** is a course for students interested in European affairs who want to broaden their knowledge of the EU and discover the reality of working in Brussels, be it in the Institutions, lobbies, think tanks, youth organisations or NGOs.

It is a unique occasion to leave textbooks and classrooms and to **meet professionals, visit the Institutions and explore Brussels!** Thanks to the EMI's extensive network, students have the opportunity to meet high-level speakers and discuss a broad range of topics in a relaxed and friendly atmosphere. Last but not least, it is a great **multicultural experience**, an opportunity to meet other students from different backgrounds and cultures.
